Activities

Founding Member of LikeLion US

San Jose State University, San Jose, CA

February - September 2022

1st Place at Hyundai Cradle Hackathon

- Led the team in crafting a pioneering solution for Hyundai Cradle's PBV (Purpose Built Vehicle).
 - Orchestrated the concept and played a pivotal role in developing the "Moclo" website, a mobile closet integrated with PBV.
 - Employed React, CSS, HTML, and JS for the dynamic frontend, while leveraging Django and MySQL for robust backend functionalities.
 - Successfully linked the clothing item list to a comprehensive database, showcasing adeptness in full-stack development and innovative problem-solving.
- ##### Ideathon Winner
- Conceptualized and developed "CareFor," a safety application addressing the challenges faced by single households.
 - The innovative solution tackled pertinent issues and was recognized for its efficacy and potential impact.
 - Employed React, CSS, HTML, and JS for the dynamic frontend, while leveraging Django and MySQL for robust backend functionalities.
 - Successfully linked the clothing item list to a comprehensive database, showcasing adeptness in full-stack development and innovative problem-solving.

Vice-President of LikeLion US

San Jose State University, San Jose, CA

September 2022 - Present

- Spearheaded a dynamic year-long program as the Coding Club Vice President of Like Lion US Club.
- Fostered team unity and orchestrated coding events, showcasing leadership and organizational skills.
- Actively participated in design, Javascript, HTML, CSS, and diverse coding projects, highlighting a passion for innovation.

Work Experience

Junior Designer, Gallery KKI

Paju, South Korea

January 2021 - January 2022

- Developed visually appealing and user-friendly UI/UX designs for Gallery KKI's website.
- Created captivating brochures and posters to promote gallery exhibitions, demonstrating a keen eye for design.
- Collaborated with cross-functional teams to align design solutions with branding and messaging.
- Utilized graphic design tools to bring conceptual ideas to life, maintaining a cohesive visual identity.
- Stayed updated on design trends, contributing innovative ideas and maintaining a contemporary approach.
- Received positive feedback for delivering high-quality design assets within specified timelines.

Cashier, EMART 24

Paju, South Korea

March 2021 - January 2022

- Operated POS and inventory database locator at a convenience store.
- Assisted shoppers with checking out, returning items, and general inquiries.

Junior Cosmetic Representative, LOTTE LOBHs

Paju, South Korea

January 2019 - May 2019

- Approached customers through events to introduce new products.
- Generated marketing initiatives with fellow coworkers to market specific products to customers
- Presented various marketing informations to the audiences with samples, testers, and demonstrations.
